About our research

Bowel Research UK is funding life changing research into bowel cancer and other bowel diseases.

Every year over 16,000 people die from bowel cancer in the UK and over a million suffer from bowel disease.

By researching cutting edge treatments and investing in the best science, we're saving and improving people's lives.

We believe that research offers our best chance of curing these conditions, or helping to limit the impact they have on people's lives.

Go LARGE

Will you go large by agreeing to donate or fundraise over £1,000 for our cause over the next year?

Go small

Would you donate just £5 a month?
